

## PROPHETIC UTTERANCES NOVEMBER 6, 2016

Haven't you seen America, that your teeth has been removed, although you put things in your mouth, you cannot chew, but I have come that I may restore you. O sleeping giant, I have come that I may restore you. How long will you go after other gods? How long will you go after other gods? Indeed, I have blessed you to be a blessings, what then will be when you depart from what I've called you to, I've called this nation a nation of givers, a protector of many nations, why then will u go back in the name of conformity? I have called you to fight for the ones not be able to fight for themselves, why then has the enemy deceived you into thinking you can do all these in your own strength? For the cry of the saints, I will restore you from the foundation up, and I will rebuild and I will make every broken wall, I will call your sons and daughter from afar off, and many shall come to your light. Arise Arise and Shine, America Arise and shine!

I see a warrior who has received so many arrows but about to fall and die but kneeling with one knee on the ground and other knee is raised, but just as it's about to fall, strength just came. This warrior begins to rise, the Lord says He is going to raise America up again, He's going to fight for this nation. I saw a lot of people around this warrior, and they tied different types of thread to pull Him up, all these people were dressed in white robes, this is the prayers of the saint, if my people will rise up and contend for this nation. Do not give up on this nation of America. Pray for America.

The Lord says even the saints have come with a mentality that has come to plunder this nation. They have come to see what's in it without giving back, tell my children to repent and begin to contend for this nation. My children has a mentality that there is always another place to go back to, the Lord says when will you rise up and contend for this nation? When was this last time you wept over this nation? You keep thinking about how it will be well for your sons and daughter, but when will you fight for this nation? There are many believers even to cast the ballot but they just never do it. Then you complain about the status of the nation, the Lord says, what hypocrisy! It is easy to tear a thing down with word, when will you sit down, go on your knees and contend for America in prayers? The result of this election will surprise many and many will be forced to call my name, to run to my secret place, unless my people rise up and pray. Contend for this nation! Fight for this nation!!!
